

Garbage - Amends

G tom:

[Primeira Parte]

G
You gave an inch, I took a mile
D
You lit a match, I set a fire
Em
You know they say to make amends
C
Face to face

G
And though I know it's not my place
D
To tell you how to live your life
Em
But to forget somebody's sins
C
Is divine, is divine
G
There is nothing you could say
D
To cause more hurt, or cause me shame
Em
Than all the things that I have thought
C
About myself

G
It's been so long and time has passed
D
We are both changed yet nothing has
Em
When will you let me off the hook
C
And let me pass?

[Refrão]

G
When the chains on the fence break
D
And free the insane
Em
They can't wait to deliver bad news
C
Bridge

G
It's what you do, don't make it right

D
Matter of fact, it's called revenge
Em
Cut off your nose to spite your face
C
It's pretty cruel shutting me out
G
It's what you do, don't make it right
D
Matter of fact, it's called revenge
Em
Cut off your nose to spite your face
C
It's pretty cruel shutting me out

[segunda Parte]

G
I used no knives, I didn't lie
D
I didn't mess around, or even tried
Em
When they were lined up round the block

I sat and watched
G
So it's a shame that we don't talk
D
I miss your face and life is short
Em
Get off your cross cause long goodbyes
C
Come every time, come every time

G
It's time to change your mind
D
It's time to change your mind

Don't you be too proud

It's time to change your mind
G
Cause I don't know, don't know you
D
Cause I don't know, don't know you
Em
Cause I don't know, don't know you
C
Cause I don't know, don't know you

Cause I don't know, Ddon't know you

Cause I don't know, Cdon't know you
