Verso 1:
D                          F
I've been feeling so frustrated
                    Em
I'll never be as great as
          G
I want to be
D                    F
Everyone that I run into
                           Em
The ones you always seem so into
                    G
What's wrong with me?
  D                      F
They all seem to know exactly
                           Em
What it is they want, they pass me
                    G
They smile as they go
 D                     F
So I work at staying patient
                           Em
Good things come to those that wait
          G
Or so they say
Refrão:
Bm  G      D  D2 D G
I'm so empty
Bm              G       D   G    F    D
You're all I'm thinking about,  about
       G      F     D
Oh oh, about, about
          D     G  F    D
Oh oh oh, about,   about
            G    F       D
Oh oh oh, about, about
Verso 2:
D              F
I get tired of trying
                  Em
Ideas die on the vine
                  G
And I feel like a fake
D              F
I lie awake believing
                     Em
That somehow I keep failing
               G
I rail and I ache
D                        F
At the monsters and the demons
                        Em
I've wrestled with for eons
               G
And I want to destroy
