

Gareth - Stick Season

tom:

A

[Primeira Parte]

A

As you promised me that I was more than all the miles combined
you must've

Had yourself a change of heart like half way through the drive
because your

Voice trailed off exactly as you passed my exit sign

Kept on driving straight and left our future to the right

[Segunda Parte]

A

Now I am stuck between my anger and the blame that I can't
face and

Memories are something even smoking weed does not replace and
I am

Terrified of weather cause I see you when it rains

Doc told me to travel but there's Covid on the planes

[Refrão]

A

And I love Vermont but it's the season of the sticks and I

Saw your mom and she forgot that I existed and its

Half my fault but I just like to be the victim, I drink

Alcohol 'til my friends come home for Christmas and I'll

Dream each night of some version of you that I

Might not have but I did not lose now

Your tire tracks and one pair of shoes and I'm

Split in half but that'll have to do

[Terceira Parte]

A

So I thought that if I piled something good on all my bad that
I

Could cancel out the darkness I inherited from dad, no, I am
