

Gavin Degraw - I'm Gonna Try

Tom: A

Im gonna try

Try like a mother, Ill make this one come around

Sing all through the night

Shaking the shutters, I know shell be coming down

Hear the neighbors calling out names, Well I cant put up with that

So Im gonna try

Try til I get it back

A B D A

You dont know what she means to me

My reality and my fantasy

On the wave of confidence and gin

Like a hurricane, I come crashing in

But oh, man this thing is moving too slow

Damn I think Im losing control

Cause I just took a flight

To make it here tonight to say that I

Im gonna try

Try like a mother, Ill make this one come around

Sing all through the night

Shaking the shutters, I know shell be coming down

Hear the neighbors calling out names, well I cant put up with that

So Im gonna try

Try til I get it back

Listen, Imma tell you once

From an honest guy, who has screwed it up

Celebrate the one youre with

A little take and give, never hurt no one

A Trying to find the heart that got stole
