

# Gavin James - Cigarette Break?

Tom: D

Intro: D Gbm Bm A

D Gbm  
Just a cigarette break

Bm A  
Leave the ashes on the fire escape

D Gbm  
To burn away

Bm A G  
All the words we wanna say

Bm Em  
I'm counting down every breath you take

D  
It's just a cigarette break

D Gbm  
Little fires

Bm A  
Little talks and ticking clocks

D Gbm  
Will take me higher

Bm A G  
But you're the one I'm dreaming of

G7M Em  
When all these moments pass away

D Gbm Bm A  
Just a little too late

D  
Oh, but I saw a spark

D7  
And I've never seen

G  
A more beautiful thing

G7M Em  
Am I just dreaming?

A D  
Let's take it too far

D7  
'Cause every word

G  
You say colours me in

G7M Em  
And should we begin

G  
Before it's too late?

A  
Say that you'll take

D Gbm Bm A  
A cigarette break

So innocent  
But lies they always  
Hurt the most when  
The truth gets bent

I'm trying hard  
To make some sense with  
All the words that you said  
Was it all in my head?

D  
But I saw a spark

D7  
And I've never seen

G  
A more beautiful thing

G7M Em  
Am I just dreaming?

A D  
Let's take it too far

D7  
'Cause every word

G  
You say colours me in

G7M Em  
And should we begin

G  
Before it's too late?

A  
Say that you'll take

D Gbm Bm A  
A cigarette break

And all these emotions  
Ruling my head  
They won't let me sleep  
They won't let me sleep  
They're keeping me awake  
From such a beautiful mistake

But I saw a spark

D7  
And I've never seen

G  
A more beautiful thing

G7M Em  
Am I just dreaming?

A D  
Let's take it too far

D7  
'Cause every word

G  
You say colours me in

G7M Em  
And should we begin

G  
Before it's too late?

A  
Say that you'll take

D Gbm Bm A  
A cigarette break
