

# Gavin James - Eyes Wide Open

tom:

Intro: C D C G  
D

From the moment we met

It was written just like that

On the wall

And in a different time or place

I'd still recognize your face

From them all

And if I ever start to wander

On my own

I remember you're the only

One so from now on

Oh, I promise you that I'll be yours

I was lost before, then I found you

Oh, I found you

I fall in love a thousand times

Every single night, this is all true

Every day with you it feels like

I'm dreaming with my eyes

Wide open

I'll take all of th? bright days, and all the

Dark ones too

'Cause nobody else knows me like you

And no one loves you like I do

So you don't ever have to wander on your own

Oh, I promise you that I'll be yours

I was lost before, then I found you

Oh, I found you

I fall in love a thousand times

Every single night, this is all true

Every day

I promise you that I'll be yours

I was lost before, then I found you

Oh, I found you

I fall in love a thousand times

Every single night, this is all true

Every day with you it feels like

I'm dreaming with my eyes

Wide open

With my eyes wide open

With my eyes wide open

With my eyes wide open

## Acordes
