

Gavin James - Last Year

Tom: C

Call it love, or call it off
 Just enough is not enough for two
 But waking up was easier with you
 Now waking up is the hardest thing to do

And I've been thinking back to last year
 But all that's left is a photograph
 I've been thinking back to last year
 And I just want to know how the hell we got here
 Now this house it feels so cold
 When you were here it was a home
 Let's go back to last year
 Back to when you were here

Picture frames and winter coats
 They're left around like little notes from you
 I put your records on, sing the same old songs
 Thinking when we were younger
 You're long gone

And I've been thinking back to last year
 But all that's left is a photograph
 I've been thinking back to last year
 And I just want to know how the hell we got here
 Now this house it feels so cold
 When you were here it was a home
 Let's go back to last year
 Back to when you were here
 I know it's so hard to let go
 But I wish you the best
 But my heart says something else
 Please just take me back to last year
 Please just take me back to last year
 'Cause my head's a wreck, my heart's a mess
 I guess we weren't built to last
 Take me back to last year
 Just take me back to last year
 When you were here
 Take me back to last year
 When you were here
