

Gen Rosso - Estrela e Lágrima

Tom: E

Estrela e lágrima naquela noite,
 Sob a abóbada do céu estrelado.
 E, na alma, forte uma dor.
 A lembrança de uma promessa,
 Enquanto caem os ideais que passam,
 Faz renascer o amor.

Na noite, altos no céu,
 Giravam astros de luz.
 Estrelas, tantas estrelas, parecem

Cantar de Deus o amor!

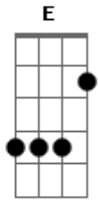

Como estrelas brilham as lágrimas
 E fulguram no infinito.

Estrela e lágrima, um só amor.
 E ecoa lá no céu uma voz
 Que aclara aquela dor.
 É uma voz forte e viva:
 "Tudo vence o amor!"

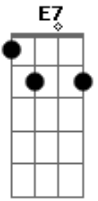

Ô, ô...

Estrela e lágrima, um só amor...
