

# Gene Clark - Full Circle Song

Intro: D Am C G Tom:

Funny how the circle turns around  
 First you're up, and then you're down again  
 Though the circle takes what it may give  
 Each time around it makes it live again

Funny how the circle is a wheel  
 And it can steal someone who is a friend  
 Funny how the circle takes you flying  
 And if it's it right it brings it back again

Funny how the circle turns around  
 You think you're lost and then you're found again

And though you always look for what you know  
 Each time around there's something new again

Funny how the circle is a wheel  
 And it can steal someone who is a friend  
 Funny how the circle takes you flying  
 And if it's it right it brings it back again

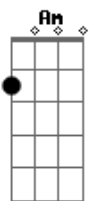

( G D Am C )  
 ( G D Am C G )

Funny how the circle is a wheel  
 And it can steal someone who is a friend  
 Funny how the circle takes you flying  
 And if it's it right it brings it back again
