

Gene Clark - Made For Love

Tom: E

You and I, ^D we tried out the night
 We had all those well made plans
^E And every time something didn't go right
^A We just threw that into fate's hands

^E You come walking down to me
^{Bm} Little talons on your feet
^{Dbm} Like you just wanna conquer the men
^E Wear your mind out on your lips
^{Bm} But your eyes reflect the glimpse
^{Dbm} Of a true heart that I understand

^D Never wanted to see you cry
^{Bm} I didn't ride the dark horse to town
^D The storm is passing, the clouds roll by
^D The sun is coming around

'Cause most of all (most of all) ^{Bm A G}
^{Bm} I just wanted you to love
^E Most of all (most of all) ^{Bm A G}
^{Bm} Girls were made for boys to love

(Bm A G Bm D)

^E The summer came, the fall it went
^A And the winter snow lay on the ground
^E And everybody who was high last year
^A Was surely on their way down

^E And you really got down, you said there was
^{Dbm} Nobody else that you could trust
^E I wanted so much for you to just touch on
^{Dbm} The trusting of yourself

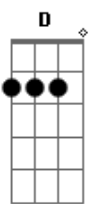

^D Never wanted to see you cry
^{Bm} I didn't ride the dark horse to town
^D The storm is passing, the clouds roll by
^D The sun is coming around

'Cause most of all (most of all) ^{Bm A G}
^{Bm} I just wanted you to love
^E Most of all (most of all) ^{Bm A G}
^{Bm} Girls were made for boys to love
^{Bm A G Bm D A} Made for love
^{Bm A G Bm D A} Most of all
^{Bm A G Bm D A} Made for love
