

George Ezra - Barcelona

Tom: Gb

(com acordes na forma de Capotraste na 1ª casa F)

Barcelona, I still long to hold her once more, oh,
 My boots of leather, From Europe I gather you know, know,

Every time you have to go
 Shut my eyes and you know
 I'll be lying right by your side
 In Barcelona

A native man sang in a foreign tongue,
 I still ache to know the song that he sung,
 Barcelona, Oooooohh

Every time you have to go

Shut my eyes and you know
 I'll be lying right by your side
 In Barcelona

Every time you have to go
 Shut my eyes and you know
 I'll be lying right by your side
 In Barcelona
 Barcelona, Barcelona

Every time you have to go
 Shut my mind and you know
 I'll be lying right by your side
 In Barcelona
