Tom: G

G A
They say I'm not what I used to be

All the same, I'm happier than a willow tree
Shine or rain sitting here by a stream

G A
(Mmm) There's nothing I'd rather feel in this world
You and your sweet serenity
Rocking me, Melting my heart away

G A
I know something so dear to me, beyond words
Beautiful feeling in my soul
Sounds I've heard like humming birds in a dream

G A
(Mmm) That mystical one I knew is returned
Lulling me with those raincloud eyes
Taking me, Melting my heart away

Em B
I am, yes I am
Em B
I know what I feel
Em B7

C A
You came in my life
Made me more real

G A
I know whatever we may have been in past times
Has sorted the true out from the rest
Win or lose, I always knew you'd be there

G A
(Mmm) You answer my deepest prayer in a song
Shimmering slow and flowing clear
Moving me, Melting my heart away

Em B
I am, yes I am
Em B
I know what I feel
Em B7
You came in my life
C A
Made me more real
