

# Danyel Gérard - Butterfly (English Version)

tom:

Intro: A Aadd9

You are bright as a night full of moon

Butterfly you have left much to soon

You have found you have wings and now you wish to fly

Please don't go, oh please don't say good bye

Butterfly, my Butterfly now I know you must be free

Butterfly, don't flutter by, stay a little while with me

In your mind there's someone far away

And you'll miss all the fun if you stay

You believe that love is elsewhere to be found

But you're wrong, it's here, just look around

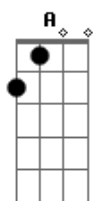

Look around, look around and you'll see

Better loved then by me you won't be

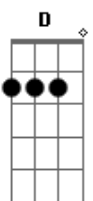

And if you fly away you break my heart in two

Please don't go -- I'm so in love with you
