

# Gérri Rodrian - Aos Mutantes

tom:

Intro: F Am F C

O mar ainda é o mesmo  
As ondas

Com seus gritos insaciáveis  
Destruíram aos poucos a minha paz

Eu como profeta do universo  
Revelo que o silêncio é provocante  
E na ânsia por ruídos fui me tornando um escravo  
Que se amou por ser real

Comecei a ouvir  
O contraste nas cores  
Um borrão na obra-prima  
Que deveria se calar

Mesmo o sonho faz barulho  
E toda filosofia traz tumulto  
E agora com o silêncio  
Fui me tornando um ator  
Em teatro de terceira ensaio

Comecei a ouvir  
O contraste nas cores  
Um borrão na obra-prima  
Que deveria se calar

[Solo] F Am F C Cadd9 F  
Am Gb Em A7  
Dm Dm Dm Dm F  
C C Am F Am F C

Comecei a ouvir  
O contraste nas cores  
Um borrão na obra-prima  
Que deveria se calar

Comecei a ouvir  
O contraste nas cores  
Um borrão na obra-prima  
Que deveria se calar

Comecei a ouvir  
O contraste nas cores  
Um borrão na obra-prima  
Que deveria se calar
