Am7 **D7** **D7** **G7M** **C**

G7M **C7M**
 Que um vigilante da luz
G7M **Am7**
 Possa iluminar também
G7M **Am** **C** **D7**
 A cegueira de meu riso
G7M **C7M** **G7M**
 Transformar esta escuridão
Am7
 Em estrelas
G7M **Am**
 E estas lágrimas em lindas, longas
C **D7**
 Labaredas
G7M **Am7** **D7**
 Que percorram pelo rosto
G7M **C**
 Alumiando a noite!

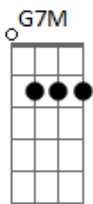

G7M
 Imploro aos deuses
C7M **G7M**
 Que não seja em vão
Am7
 Meu destino

G7M **Am** **C** **D7**
 Um fosco vagalume triste
G7M **C7M**
 Que o luar ilumine a dor

 A cor desse verão intenso

 Que já não vejo nada nessa madrugada

 Quente
Am7 **D7**
 A Lua brilha tanto
G7M **C**
 Alumiando a noite
G7M **Am**
 Que perdoem um homem destruído
Em **C7M**
 Que pena solitário com seu violão
G7M **Am**
 Que vai anoitecendo sempre
Em7 **C7M**
 Pela saudade que tem
Am7 **D7**
 Por uma mulher
D7
 Que esqueceu
G7M **C** **G7M**
 A palavra perdão
