

# Gessev - A Natureza

tom:

D

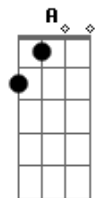

A Natureza com certeza  
 Foi criada com belezas  
 Desde a luz quente do sol  
 E água pura a saborear

Natural se vê no ar  
 Quando estou a respirar  
 Passarinhos voam sempre  
 Com alegria a cantar

Vê também. nos teus jardins  
 Muitas rosas e jasmíns  
 Bem ali nos campos verdes  
 Animais; sempre felizes

Pense agora, num pomar  
 Quantos frutos a provar

Dias claro, Céu azul  
 Tantas noites de Luar

O que irá, acontecer  
 Logo vai se entender  
 Que a natureza um dia vai  
 Se voltar contra você

Que destruindo a tudo, estas  
 E o mundo a revoltar  
 É que o homem se esqueceu  
 Que ainda existe o criador

Que em breve voltará  
 Certamente cobrara  
 A Natureza que criou, com certeza o cobrará  
 A Natureza que criou  
 Certamente o co - bra - rá
