Getter & Adair - Blood (feat. Georgia Ku)

Tom: Gb

```
m   [Intro]  Gbm  D  Bm  Gbm  E  D  E

Gbm
I can feel the fluid fillin', fillin' up my lungs (say ya)
D
Loaded up my charismatic gun (say ya)
Go and put your lighters in the air
I've seen so many here
                                      Gbm
And we all wanna scream "fire"
Get on up I wanna see everyone get loose
                                   E   D
Cause every little something I like I do
Now go and put your lighters in the air
I've seen so many here
                      E
So aim them higher

( Gbm  D  Bm  Gbm  D )

Gbm
```

```
        Tell me what you're so afraid of
                                              D
This is the blood we are made of
Freedom is something you find
When you turn on the lights
                        Bm        Gbm
Nobody can save us
I got a feelin', you know
                                          D
Sun boilin' unda your bones
                                        D
Tell me what you're so afraid of
                                            Gbm
This is the blood we are made of
Hum yeah
                            D
My blood is in the air
                                D
(Aah hum yeah! I never, never can feel)
                                      Gbm
My blood is in the air
(Yeah!) In the air? air? air? air? air
