[Primeira Parte]

I was just wondering, can we talk for a moment?

?Cause you know
E7M
I've been too afraid to ask

But tell me baby **Abm**

Is it really that hard to apologize
E7M
Or is it just the fear of our goodbyes?

And I pray
Abm
I pray for the day that we hear our names
E7M
And our hearts remain beating the same way

[Pré-Refrão]

Eb7
And they don't complain about the pain that they are feeling
Dbm7
In this infinite game

[Refrão]

And I've been trying to forget how your love made me feel **Abm**
E
But I know it was real and when you looked at me the world stopped

Now I wish we could review how we both can heal **Dbm**

But you know what? You know what? **Eb**

I am tired of being treated like this **Abm**

I miss you and even your sis? **E**

But when will I ever learn that I'm more than what I miss

Dbm
But your kiss

Is something that I can't dismiss

But I shall resist and baby I'm again stuck into this **Abm**

[Ponte]

Do you remember how we used to dance? **Abm**

Or how long our kiss could last? **E7M**

Do you remember? **Dbm7**

Well, I remember it all **Eb7**

Do you still think about the days or listen to our tune? **Abm** **E7M**

Is it another common song and just an 8 of June? **Dbm7** **Eb7**
