

Gianni Ambrosino - Canção Depois da Chuva

Tom: G

Veja só!
 Olha o céu azul
 A tarde já levou a tempestade
 Veja o sol nas poças de luz
 Misturando o chão e a chuva

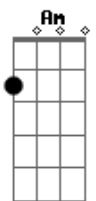

Não tem mais trovão
 Não tem mais ventania
 No rastro da destruição

Cantar de passarinho e calma (D7)

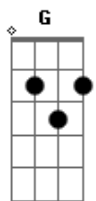

Passam os medos raios os partam
 Longe onde o vento faz a curva
 Abrir janelas
 Guardar segredos
 Essa canção depois da chuva

Vem cá! Venha pra fora, meu amor
 Vem cá! Vem cá!
 Venha pra fora, meu amor, e veja só!
