

Gibran Alcocer - Idea 22 (Anya Nami Remix)

tom:
 Greed and sorrow
 Go to the abyss of time
 Seas are on fire, and the Moon's falling down
 So l'm playing my lyre in the last rays of Sun
 Be mine
 When the world ends and skies tumble down
 Why is the water
 So soothing to drown?
 Hug me tight
 You're lighter than feather
 This second of life
 Feels like forever
 When
 Truth sounds like lie
 When you and I
 Are buried in the ruins earth

I'll be by your side for what it's worth
 If we face the gates of hell
 Mmh
 Seas are on fire
 And the Moon's falling down
 So l'm playing the lyre in the last rays of Sun
 Be mine
 When the world ends and skies tumble down
 Why is the water
 So soothing to drown?
 You're lighter than feather
 This second of life
 Feels like forever
 This world has failed us
 So let burn
 Let it burn
 Let it burn
