

Gigi Perez - Balsam Fir

tom:

Eb (forma dos acordes no tom de D)

Capostrate na 1ª casa

I went and bought myself a Balsam Fir
 I went and got myself thinking of her
 I drove around and looked at every tree
 I had to stop when I lost feeling in my knees

I wonder why everything is green
 I wonder why it couldn't have been blue
 I wish that everything wasn't so green
 I wish it didn't make me think of you

But what can you do?

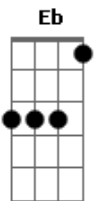

Oh
 Oh
 Oh
 Oh
 Oh

Went to the store to look for your shampoo

I guess that I just wanted to smell like you
 And maybe that's a strange thing to do
 But with me, that's nothing new

Oh
 Oh
 Oh
 Oh

(But you are everywhere I go)

(You're kissing her while you're stoned)

(You are everything I know)

(I wasn't your first but you were mine though)

(You were mine though)

I went and found myself there at St. Mark's
 And sat around and watched some dogs in the park
 We're only probably five blocks apart

(D D D G)

But seeing you wouldn't be the smartest thing to do
