

# Gigi Perez - Glue

tom:

**Eb** (forma dos acordes no tom de **D** )

Capostrate na 1ª casa

**D**  
You are my flaw

**A**  
You are my thorn

**D**  
You are everything I've never needed and more

**D**  
And don't be too flattered

**A**  
These songs are for you

**D**  
'Cause all I ever seemed to do

**A**  
Was drive myself up the walls

**D**  
I'd pace around until you'd call

**A**  
You're poison to the touch of my tongue

**D**  
And I don't know why

**D**  
But I should face the truth

**A**  
You found someone like you

**D**  
Someone that'll get high the way I refuse to

**D**  
And maybe that's the flaw

**A**  
We had all along

**D**  
Tryna make it stick when I am water

**D**  
And you are glue

**A**  
And in all that I do

**D**  
You're dripping onto me

**A**  
You don't know how to let me be

**D**  
And when you finally do

**A**  
I'll hate you for that too

**D**  
'Cause I am water and you're glue

**A**  
I don't know what else to do

**D**  
I wanna tell you everything

**A**  
How I can't fucking sleep

**D**  
How I cringe when I see green

**A**  
How it hurts without Celene

**D**  
'Cause you are my glue

**A**  
And in all that I do

**D**  
You're dripping onto me

**A**  
You're dripping onto me

( **A** )

**D**  
No more green, no more Celene

**A**  
No more green, no more Celene

**D**  
It can't be, it can't be

**A**  
No more, no more

**D**  
'Cause you are my glue

**A**  
And in all that I do

**D**  
You're dripping onto me

**A**  
You're dripping onto me

**D**  
You're dripping onto me

**A**  
You're dripping onto me
