                A
Intro: Am  G  F  G  Em
        Am  G  D
        Dm  Em  D  E

Am
Just for tonight
   Am                          Am
If you stay with me, I have the right
    Am             G
To all you give me, you have the choice
                    Em
Of blood or laughter, I hear my voice
                  E
The warm ain't after

Am              Am          A
Wondering why, the stage is empty
Am                      D
Can you look by they all that stamp me?
G                   F      D       E   A E
Why don't we try to fly so high again?

Am          Am
Just for tonight
            Dm7           Dm        G
When I walk out into the burning light
          Em                            Am
Open your heart and make me feel just fine
                  Dm                Am
'Cause I've got to know if you're with me
Dm       C    D  E
Every way my song!

       Am
Just for tonight
          Dm7                           Dm  G
Show me the way to make the dream come true
           Em                            Am
Got to make there I'll always take for you
                Dm            A
'Cause I need a moment to remember
D    G       F      G      Em      F     Bm     Em
Everywhere I go, wo-oh, wo-oh, wo-oh, wo-oh, wo-oh

Am
Just for tonight
        Am                        Am
There's no tomorrow, give me the right
   Am                  G
To steal your sorrow, when I am gone
                       Em
The world will bring you back to our song
E
I never sing you

Am                 Am
Here is my face in all your phases
            Am                 Am
Leaving the trace of all those places
G                   F         D      E    A  E
We know so well from nights we met before

          Am
Just for tonight
            Dm7           Dm       G
When I walk out into the burning light
          Em                          Am
Open your heart and make me feel just fine
           Dm                    Am     Dm
'Cause I've got to know if you're with me
