Girl In Red - I Wanna Be Your Girlfriend

```
Tom: E
                                                              0h hannah
                                                                                Bm
     G
                                                              I will follow you home
m
Oh hannah
                                                                                                 Rm
                                                              All though my lips are blue and im cold
                Bm
I wanna feel you close
  G
                                                                G
                                                                                                             Bm
Oh hannah
                                                              I don't wanna be your friend i wanna kiss your lips
                Bm
                                                                G
                                                                                               Bm
                                                              I wanna kiss you until i lose my breath
Come lie with my bones
 G
                                                                                                             Bm
                                                                G
Oh hannah
                                                              I don't wanna be your friend i wanna kiss your lips
          Bm
                                                                G
                                                                                              Bm
Don't look away
                                                              I wanna kiss you until i lose my breath
  G
Oh hannah
                                                              (G Bm)
                                                              ( G Bm )
                   Bm
                                                              (GBm)
Just look at me the same
                                                              (G Bm)
 G
                                              Bm
I don't wanna be your friend i wanna kiss your lips
                                                                G
                                                              I don't wanna be your friend i wanna be your bitch
                                Bm
 G
I wanna kiss you until i lose my breath
                                                                G
                                                                                           В
                                              Bm
                                                              I wanna touch you but not like this
I don't wanna be your friend i wanna kiss your lips
                                                              The look in your eyes
                               Bm
 G
I wanna kiss you until i lose my breath
                                                                 Bm
                                                              My hand between your thighs
(G Bm)
(G Bm)
                                                              Oh, this can't be real
(GBm)
                                                                  Bm
(GBm)
                                                              Its all just a dream
  G
                                                                      G
                                                                                                             Bm
Oh hannah
                                                              I don't wanna be your friend i wanna kiss your lips
                 Bm
                                                               G
                                                                                               Bm
Tell me something nice
                                                              I wanna kiss you until i lose my breath
    G
                     Rm
Like flowers and blue skies
                                                              [Final] G Bm
  G
                                                                       G Bm
