

# Girl In Red - Serotonin

tom:

G

[Refrão]

G  
I'm running low on serotonin  
Am  
Chemical imbalance got me twisting things  
G  
Stabilize with medicine  
Am  
There's no depth to these feelings  
G  
Dig deep, can't hide  
Am  
From the corners of my mind  
G  
I'm terrified of what's inside

[Primeira Parte]

Am  
I get  
G  
Intrusive thoughts like cutting my hands off  
Am  
Like jumping in front of a bus  
G  
Like how do I make this stop  
Am  
When it feels like my therapist hates me  
G  
Please don't let me go crazy  
Am  
Put me in a field with daisies  
G Am  
Might not work but I'll take a maybe  
G  
Oh, been breaking daily  
Am  
But only me can save me  
G  
So I'm capitulating  
Am  
Crying lik? a fucking baby

[Segunda Parte]

Am  
I get  
G  
Intrusive thoughts  
Am  
Like burning my hair off  
G  
Like hurting somebody I love  
Am  
Like does it ever really stop?  
G  
When there's control I lose it  
Am  
Incredibly impulsive  
G  
So scared I'm gonna end up  
Doing something stupid  
Am  
But I try to contain it  
G  
Oh, It gets so draining  
Am  
It's like my heart is failing  
G  
Every night I'm contemplating  
Am  
My inner voices saying "tough"  
G  
So I try to brush it off  
Am  
Yeah, try to brush it off
