

Giulia Araujo - Crowd

tom:

Intro: Am Dm E Am

I can't fix it, 'cause it's not my fault

I tried it once, I tried it twice

But with you there's no talk
Tell me why are you so mad at me?

Was it something I said?

Or was it something you did?

Please, tell me baby, yeah yeah

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

I guess it's time for we to talk about

Happening between us, affecting our trust in one each other
What are your excuses now? (what are your excuses now?)

There's so much for us to say

But there's no way, you stay pretending everything is okay
(hey)

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

Don't blame me (don't blame me)

If you can't stand it (if you can't stand it)

We're face to face now

What are your excuses now? (what are your excuses now?)
Don't blame me (Don't blame me)

If you can't change it (if you can't stand it)

We're face to face now

What are your excuses now? (yeah, yeah)

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

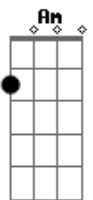

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around

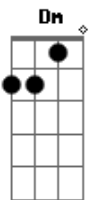

When we're on a crowd, or when there's no sound

I feel alone again, even when you're around
