

Giveon - Stuck On You

tom:

Ooh, ooh, ooh
 Ooh, ooh, ooh

[Primeira Parte]

Up in your room once again, tempted
 Bad for me, it's the truth
 But I can't miss this
 Don't tell my friends
 That I'm here to visit
 Don't tell my friends
 That I'm here (Mm-mm-mm, yeah)

[Refrão]

Waiting for you, even how you treat me
 You're my baby even when you leave me
 Maybe I'm the one to blame
 Maybe I'm the cause of the pain
 Waiting for you, even how you treat me
 You're my baby even when you leave me
 Maybe I'm the problem

And the one that's causing all of this

[Refrão]

I can't say "I love you" no more (More)
 'Cause my friends gon' judge me for sure
 It took some time but I realized
 You do me wrong, but it feels right
 I can't say "I love you" no more (More)
 'Cause my friends gon' judge me for sure
 It took some time but I realized
 You do me wrong, but it feels right
 Feels like I'm stuck on you
 (More)
 (Sure)
 (More)

Acordes

(Sure)

[Segunda Parte]

Trust me I do understand, this is
 Bad for me, I'm a fool
 But I can't end it
 Far from love, but I'm stuck
 Staying while you kiss me
 Saying that you miss me
 Hate it when you tempt me

[Pré-Refrão]

Waiting for you, even how you treat me
 You're my baby even when you leave me
 Maybe I'm the one to blame
 Maybe I'm the cause of the pain
 Waiting for you, even how you treat me
 You're my baby even when you leave me
 Maybe I'm the problem

And the one that's causing all of this

[Refrão]

I can't say "I love you" no more (No more, more)
 'Cause my friends gon' judge me for sure (Sure)
 It took some time but I realized
 You do me wrong, but it feels right (Oh-oh)
 I can't say "I love you" no more (More)
 'Cause my friends gon' judge me for sure (I can't)
 It took some time but I realized (Oh)
 You do me wrong, but it feels right

[Final]

I can't say "I love you" no more
 'Cause my friends gon' judge me for sure
 It took some time but I realized
 You do me wrong, but it feels right
 Feels like I'm stuck on you
