

The Gladiators - On The Other Side

Tom: **Bb**

(**Bb** - **Eb**)

Na na na na.....

Over on the other side of the mountain

There is that fountain, I've been searching for

Searching for so long, so long

That's where righteousness will always flow

Togetherness will ever grow

So we no want no pickpocket over there

Say you can't run no rocket over there, oh no..

An' say your hands and your heart got be clean

To reach the other side of the mountain

Say your hands and your heart got be clean

To reach the other side of the mountain

I an I shall be like sounding brass and tinkling cymbals
With gifts of mysteries to remove mountains et cetera et
cetera

Music, flowers and children will be there

That's where ev'ryone will get their equal share

Say we nah want no warmongers over there

No gossip, no traitor will be there

Say your hands and your heart got be clean

To reach the other side of the mountain.....

I an I shall be like sounding brass and tinkling cymbals
With gifts of mysteries to remove mountains et cetera et
cetera.....

Acordes
