

Glass Animals - Black Mambo

tom:
Capostrate na 1ª casa
Intro: Em D A Bm

[Verse 1]

What'll it be now mister mole
Whisper sloth in curls of smoke
Take a back seat
Or play pharaoh
Dance with me
And shake your bones

[Chorus]

Slow down
It's a science
He's been waiting
To bring you down
Snake eyed
With a sly smile
He can hold you
And shake you child

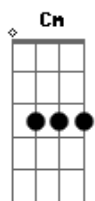

[Verse 2]

Leopards laze each
On plush pillows
Slender capes
Of red and chrome
Paperback dreams
In their deep doze
Twitch their toes to
Black mambo

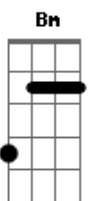

[Chorus]

Slow down

[Verse 3]

Wanna play cheat
Now says the sloth
A domino
Flush to his nose
Tickle that cheek
And take your throne
Pump your veins
With gushing gold

To bring you down
