

# Glee - Light Up The World

Tom: A

(com acordes na forma de Capostrate na 2ª casa G )  
Intro: C D Em

hey-hey-hey you and me keep on dancing in the dark,  
it's been tearing me apart, never knowing what we are.  
hey-hey-hey you and me keep on tryin to play it cool,  
now it's time to make a move and that's what i'm gonna do.

lay it all down  
got something to say  
lay it all down  
throw your doubt away  
do or die now  
step onto the plate  
blow the door wide open like up up and away

let's light up the world tonight  
you gotta give up the bark and bite  
i know that we got the love alright  
come on and li-li-light it up, light it up tonight

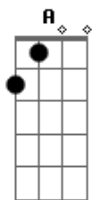

hey-hey-hey you and me turn it up ten thousand watts.  
tell me why we've gotta stop, i just want to let it rock.  
hey-hey-hey you and me keep on staring at the road,  
like we don't know where to go, step back, let me take control.

lay it all down  
got something to say

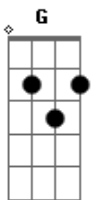

lay it all down  
throw your doubt away  
do or die now  
step onto the plate  
blow the door wide open like up up and away  
let's light up the world tonight  
you gotta give up the bark and bite  
i know that we got the love alright  
come on and li-li-light it up, light it up tonight  
hey hey hey you.  
hey hey hey you.  
hey hey hey you.  
hey hey hey you.

lay it all down  
got something to say  
lay it all down  
throw your doubt away  
do or die now  
step onto the plate  
blow the door wide open like up up and away  
let's light up the world tonight  
you gotta give up the bark and bite  
i know that we got the love alright  
come on and li-li-light it up, light it up tonight
