

# Glee - Loser Like Me

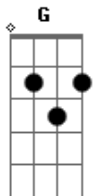

Tom: G

Riff 2x:

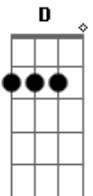

Yeah you may think that I'm a zero  
 But hey! Everyone you wanna be probably started off like me  
 You may say that I'm a freak show (I don't care)  
 But hey, give it just a little time, I betcha gonna change your mind  
 All of the dirt you've been throwin' my way  
 It ain't so hard to take, that's right!  
 Coz I know one day you'll be screaming my name  
 And I'll just look away, that's right!  
 Just go ahead and hate on me and run your mouth  
 So everyone can hear  
 Hit me with the worst you got and knock me down  
 Baby I don't care  
 Keep it up and soon enough you'll figure out  
 You wanna be, you wanna be  
 A loser like me  
 A loser like me  
 Push me up against the locker  
 And hey, all I'll do is shake it off, I'll getcha back when I'm your boss  
 I'm not thinkin' bout you haters  
 Coz hey, I could be a superstar. I'll see ya when you wash my car  
 All of the dirt you've been throwin' my way  
 It ain't so hard to take, that's right!

Coz I know one day you'll be screaming my name  
 And I'll just look away, that's right!  
 Just go ahead and hate on me and run your mouth  
 So everyone can hear  
 Hit me with the worst you got and knock me down  
 Baby I don't care  
 Keep it up and soon enough you'll figure out  
 You wanna be, you wanna be  
 A loser like me  
 A loser like me  
 Hey you over there, keep the "L" up, up in the air  
 Hey you over there, keep the "L" up coz I don't care  
 You can throw your sticks, and you can throw your stones  
 Like a rocket just watch me go YEAH  
 L-O-S-E-R, I can only be who I are!  
 Just go ahead and hate on me and run your mouth  
 So everyone can hear  
 Hit me with the worst you got and knock me down  
 Baby I don't care  
 Keep it up and soon enough you'll figure out  
 You wanna be, you wanna be  
 A loser like me  
 A loser like me (YEAH!)  
 Just go ahead and hate on me and run your mouth  
 So everyone can hear  
 Hit me with the worst you got and knock me down  
 Baby I don't care  
 Keep it up and soon enough you'll figure out  
 You wanna be, you wanna be  
 A loser like me  
 A loser like me
