

# Glee - Pretending

Tom: A

(com acordes na forma de  
Capostrate na 2ª casa  
Verso:

Em G )

Face to face and heart to heart

We're so close yet so far apart

I close my eyes I look away

That's just because I'm not okay

But I hold on I stay strong

Wondering if we still belong

Will we ever say the words we're feeling

Reach down underneath it

Tear down all the walls

Will we ever have a happy ending

Or will we forever only be pretending

How long do I fantasise

Make believe that it's still alive

Imagine that I am good enough

If we can choose the ones we love

Em G

How long do I fantasise

Make believe that it's still alive

Imagine that I am good enough

If we can choose the ones we love

Em G

How long do I fantasise

Make believe that it's still alive

Imagine that I am good enough

If we can choose the ones we love

Em G

How long do I fantasise

Make believe that it's still alive

Imagine that I am good enough

If we can choose the ones we love

Em G

But I hold on I stay strong

Wondering if we still belong

Will we ever say the words we're feeling

Reach down underneath it

Tear down all the walls

Will we ever have a happy ending

Or will we forever only be pretending

keeping secrets safe

Every move we make

Seems like no one's lettin' go

And it's such a shame

Cuz if you feel the same

How am I supposed to know

Will we ever say the words we're feeling

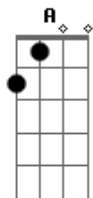

Reach down underneath it

Tear down all the walls

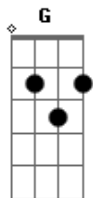

Will we ever have a happy ending

Or will we forever only be pretending
