                                               Eb
I remember when I remember I remember when I lost my mind
                                                             You really think you're in control
                                      Ab
There was something so pleasant about that phase
                                                             Well I think you're crazy
Even your emotions had an echo
                                                                            Fb
                                                             I think you're crazy
         G
In so much space
                                                             I think you're crazy
                                                                    G G7
And when you're out there without care
                                                             Just like me
Yeah I was out of touch
                                                             My heroes had the heart to lose their lives out on a limb
But it wasn't because I didn't know enough
                                                                         Eb
                                                                                                            G7
                                                                                                        G
                                                             And all I remember is thinking I want to be like them
             G G7
I just knew too much
                                                             Ever since I was little ever since I was little it looked
Does that make me crazy
                                                             like fun
                Fb
Does that make me crazy
                                                             And it's no coincidence I've come
                                                             And I can die when I'm done
Does that make me crazy
G G7
Probably
                                                                         Cm
                                                             Maybe I'm crazy
And I hope that you are having the time of your life
                                                             Maybe you're crazy

                                                             Maybe we're crazy
But think twice that's my only advice
                                                               G G7
                                                             probably
Come on now who do you who do you who do you
                                                             ( C Ab Eb G Cm )
think you are
