

Gnash? - Fragile

Tom: E

I'm sorry you saw me shaking
 Stay with me for a day
 I've got no one to hold me
 Cause I, I turn them all away
 I don't wanna be alone
 But I'm better on my own
 Cause I'm fragile
 God, I'm fragile
 I'm sorry you saw me breaking
 But stay with me don't stray
 God, I wish you would hold me closely

Don't think I don't feel the same
 I'm better on my own
 But I don't wanna be alone
 Cause I'm fragile
 God, I'm fragile
 God, I wish I could love you
 God, I wish I could love you
 God, I wish I could love you
 God, I wish I could love you
 Cause I'm fragile
 God, I'm fragile
