

# Gnash? - Sunset

tom:

C

The sunrise is starting anew

C G Am

But the sunrise has nothing on you

C G F

You make my days feel bright

C Am G F

I know everything's alright

C G F

As long as you're right here by my side

C G Am

But when you have to go

C G F

I get oh so sad, you know

C G

Even when it's cloudy

I need you around me

Am G F

Loneliness ain't in my cup of tea

C G Am

I wish you were here

C G F

Now that I've made that clear

C G

This sunset reminds me of you

Am G F

It's purple, it's pink and it's blue

C G

It's tangerine and all I need

Am F

You're all I wanna ever see

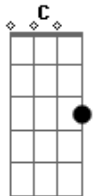

Am F

This sunset reminds me of you

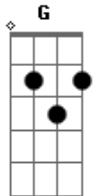

Am F G C

Does it make you think of me too?
