

# Gnash? - Tell Me It's Okay

Tom: C

C  
Tell me it's okay  
Cm  
Tell me it's okay  
Em G  
Tell me it's okay  
C  
Tell me it's okay (to be happy now)  
Cm  
Tell me it's okay (because I'm happy now)  
Em G  
Tell me it's okay  
C  
Hey  
I think I might move on to something new  
Cm  
But only if u say that's cool with u  
Em G  
Cuz I love all the little things u do (I mean did)

Cuz  
C  
I begged you to show up  
Cm  
And I asked u to stay  
Em  
U told me to grow up  
G  
So I pushed u away  
C  
I tell u "u know what"  
Cm  
And we fought once again  
Em  
Then we got back together  
G  
Who's kidding who, it's a trend  
Because  
C  
I like being alone

But I don't like being lonely  
Cm  
I like being home  
Em G  
But I don't like being homies  
C  
U know I'm so sorry  
Cm  
For making u feel like u lost me  
Em  
We're two unstable enablers  
G  
Please try not to be salty  
Because  
C  
All this time & all these tries

Leave questions open ended  
Cm  
And I would rather die  
Em G  
Than try to live with this resentment  
C  
So we could try just one more time  
Cm  
To make sure that we meant it  
Em

Or we could cut our losses  
G  
Before we blow up & dead it  
So  
Hey  
C  
It's okay to say you're not okay  
Cm  
It's not okay to turn and walk away  
Em G  
We've got problems that we need to face  
C  
If u love me, then say it  
Cm  
If u trust me, then show it  
Em  
If u don't mean it, save it  
G  
If u do mean it, own it  
C  
U gotta be happy alone  
Cm  
To be happy together  
Em  
U gotta lose something u know  
G  
To learn how to get better  
C  
I've been working, u've been hurting  
Cm  
I've been curving, u've been swerving  
Em  
I've been sleeping, u've been creeping  
G  
Now u got me creeped, I'm leaving  
C  
I think about you  
I dream about you  
Cm  
I smile about you  
I cry about you  
Em  
I lie about u  
I'm fine without u  
G  
I lied that's not true  
I'd die without u  
C  
Our love is a war, we use words as our weapons  
Cm  
So either ur real or I'm gone in a second  
Em  
These thoughts that we have & these feelings we kept in  
G  
Make resent & regret, upset & a severance  
C  
U dont fuck with ultimatums  
Have to face it  
Cm  
Loves contagious  
Also dangerous  
Em  
Leaves you damaged  
Make it painless  
G  
Now dont make sense  
C Cm Em  
Tried to saved it

Please please please
