

Go Brothers - Don't Need You Anymore

tom:

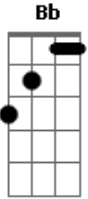

I don't need you anymore
 I don't even want to know
 I forget our moments
 Forget our glories
 I don't need you anymore

I don't think of you anymore
 You forgot how much you grow
 I despised any moment
 Ignore any memories

I don't need you anymore

I don't need you anymore
 I want you far away from me
 I want you to screw up
 I could be early or sooner
 Don't need you anymore
