 Radical and extreme
 Base Jumping is everything
 You feel the fear, you fell the high and feel your life
 Like unopened parachute
 On skydiving with no route
 You feel the adrenaline or looks like morphine
 But it's only one thing
 Good Vibe

Inside a big wave

Acordes

Maybe you're a surfing brave
 Come on Dude, you feel the tube, you'll intrude
 Could be a body board
 For sure it's not bored
 You feel the adrenaline or looks like morphine
 But it's only one thing

Good Vibe

Vert, street or dirt
 You feel like a hummingbird
 Free with your bike, downhill or freeride...day or night
 You'll fell like going to fly
 When you completely out of mind
 You feel the adrenaline or looks like morphine
 But it's only one thing

Good Vibe

Running, skating or climbing
 Le parkour, rafting or diving
 You'll fell the water, fell the wind, feel the power
 You're ready to extreme
 Could be your favorite cream
 You feel the adrenaline or looks like morphine
 But it's only one thing

Good Vibe
