

# Goldfinger - Answers

off their self-titled album

The Main riff is used for the intro, the verse, and all but the last chorus.

The pre-chorus is quite simple, then it goes to chorus (i.e. Main riff again).

After the first chorus there is a tiny bass solo, then the bass doesn't get cool again until the horn solo and then the pre-chorus and bridge chorus.

All in all quite a simple song, played with a pick and a syncopated rhythm. Simon Williams plays his bass with a deeper, fuller sound, if you'd like to emulate with tone controls.

Main riff:

G: -----  
 D: -----  
 A: --5-5----5-----5-5----5-----  
 E: -----5-5----5-----3-3--

G: -----  
 D: -----  
 A: -----5-5----5-----5-5----5-----  
 E: ---3-----5-5----5-----6-6--

Pre-chorus:

G: -----  
 D: -----5---7-----  
 A: ---3---5-----3---5-----  
 E: -----3---5-----

Miniature bass solo after 1st chorus:

G: -----  
 D: -----  
 A: --0--8--10-10-10-10--8--7-----  
 E: -----9-----

Horn solo:

G: -----  
 D: -----  
 A: --5-5---5--7--8-----5-5---5--7--8-----  
 E: -----

G: -----  
 D: -----  
 A: -----4-----  
 E: --3--3---3--5--6---5-5--5--7-----

Repeats twice, then decorates thus:

G: -----0-----0----  
 D: -0-0-0-0---2-3-----3-0-0-0-0--2-3-----3-  
 A: -----  
 E: -----

G: -----  
 D: -----  
 A: -----0-1-3-1---0-0-0-0---2-4-5--4-  
 E: --3-3-3-3-----

Plays the decorated version twice also, then goes to pre-chorus.

You may find it easier to play 0 on the D string instead of 5 on the A string in the last decoration.

Ending chorus:

G: -----2-----  
 D: --2--4-----5--4--2--4-----  
 A: -----2-----  
 E: -----  
 G: -----2-----5--4-----  
 D: --2--4-----5--4-----  
 A: -----2-----  
 E: -----

Plays the entire riff twice, then slides down to end on:

G: -----  
 D: --2-----  
 A: -----  
 E: -----  
 (Played with vibrato)

If you wonder what letter tunings I was using when I tabbed this (i.e. L, G, A, B ) or understand that I'm the coolest bassist you'll ever know, you can contact me at: [i\\_dUNN016@](mailto:i_dUNN016@)
