

Goldfinger - My Girlfriends Shower Sucks

Tom: D

Michael christie

I seen that $U\underline{G}$ didnt have the right version, so i stole this one from mx tabs,

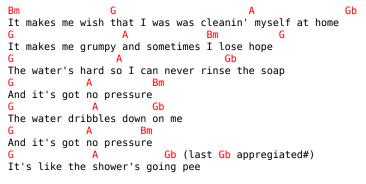

and improved it some. The original tabber was Chris fargis, all $\ensuremath{\mathbf{i}}$ did was make a few corrections.

Bm G A Gb

The intro is Bm (x8)

Bm (x2) G(x2) A (x2) F#(x2)

The temperature changes, it chills me to the bone.

Each chord is played twice.
