

Gonzaguinha - Espere por mim, morena

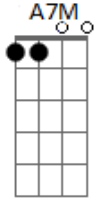

tom:

A

Espere por mim, morena / Espere que eu chego já
 0 amor por você morena / Faz a minha saudade me apressar
 Tire um sono na rede / Deixa a porta encostada
 Que o vento da madrugada / Me leva pra você

E antes de acontecer o sol / A barra vir quebrar
 Estarei nos teus braços para nunca mais voar
 E nas noites de frio serei o teu cobertor
 Quentarei o teu corpo / com o meu calor
 Minha santa te juro / Por Deus Nosso Senhor
 Nunca mais minha morena vou fugir do teu amor
