

Gonzaguinha - Grito de Alerta

Tom: G

Intro: D: A A Am D

Primeiro você me azucrina, me entorta a cabeça

Me bota na boca um gosto amargo de fel

Depois vem chorando desculpas, assim meio pedindo

Querendo ganhar um bocado de mel

Não vê que então eu me rasgo, engasgo, engulo

Reflito e estendo a mão

E assim nossa vida é um rio secando

As pedras cortando e eu vou perguntando: até quando?

São tantas coisinhas miúdas, roendo, comendo

Arrasando aos poucos com o nosso ideal

São frases perdidas num mundo de gritos e gestos

Num jogo de culpa que faz tanto mal

Não quero a razão pois eu sei o quanto estou errado

O quanto já fiz destruir

Só sinto no ar o momento em que o copo está cheio

E que já não dá mais pra engolir

Veja bem, nosso caso é uma porta entreaberta

Eu busquei a palavra mais certa

Vê se entende o meu grito de alerta

Veja bem, é o amor agitando meu coração

Há um lado carente dizendo que sim

E essa vida da gente gritando que não
