

Goo Goo Dolls - Become

Tom: C

VERSE 1

C G
There's so much more about you that you never let them see

F C
You turn away

C
But not to me

C
And I know how they tried to take you
G F
Held you up and meant to break you down

C
But you can't be

C
For so long I tried to reach you

G
I know I'm almost there

F C
I'm close enough for you to see

C G
You've been hiding in the shadows

Am F
Have you forgotten how we used to dream

Am
Let me remind you

G Am
The light doesn't blind you at all

F
It just helps you see

G
Can you see

CHORUS:

C G
Yeah you have become

F C
Yeah you have become beautiful

VERSE 2

C
And I can't be the stranger

G
That's been sleeping in your bed just

F C
Turn around and come to me

C
I feel all the pain inside

G F
And everything you been denied you feel

C
It's all you feel

C G
You've been hiding in the shadows

Am F
Have you forgotten how we used to dream

Am
Let me remind you

G Am
The light doesn't blind you at all

F
It just helps you see

G
Can you see

CHORUS:

C G
Yeah you have become

F C
Yeah you have become beautiful

C G
Yeah you have become

F Am
Yeah you have become beautiful

C
Brush back your hair and look around you

G F
Feeling like the truth has found you here

C
You're here with me

C G
Let love become the mirror

Am G F
With no fear where you're from

C G
You have become

Am G F
Yeah you have become beautiful

Acordes
