 F

 Eb Bb

Repete.....

Still in love with all your sins  
 Where you stop and I begin  
 And I'll be waiting  
 Living like a house on fire  
 What you fear is your desire  
 It's hard to deal  
 I still love the way you feel  
 Now this angry little girl  
 Drowning in this petty world  
 Oh who you run to  
 Swallow all your bitter pills  
 That's what makes you beautiful  
 You're all or not  
 I don't need what you ain't got

I'm torn in pieces  
 I'm blind and waiting for you  
 My heart is reeling  
 I'm blind and waiting for you

I'm blind and waiting for you  
 I'm blind and waiting for you
