

# Goo Goo Dolls - Boxes

tom:  
E

E  
I need a family to drive me crazy  
Dbm  
Call me out when I'm low and lazy  
E  
It won't be perfect, but we'll be fine  
Dbm  
Cause I've got your back, and you've got mine  
B A  
B E  
You got mine

E  
We'll have tiny boxes for memories  
Dbm  
Open them up and we'll set them free  
E  
There'll be bad days and some hard times  
Dbm  
But I'll keep your secrets, if you'll keep mine

E  
You are the memory that won't ever lapse  
Dbm  
When twenty five years have suddenly past  
A  
Wherever you take me it's clear I will go  
Dbm  
Your love's the one love that I need to know  
Dbm  
Your love's the one love that I need to know

E  
Take my picture and then you laugh cause I  
Dbm  
hate the way I look in photographs  
E  
Keep your memories, but don't leave the past  
Dbm  
I'm looking forward, to the best days we'll have

E  
You are the memory that won't ever lapse  
Dbm  
When twenty five years have suddenly past  
A  
Wherever you take me it's clear I will go  
Dbm  
Your love's the one love that I need to know  
Dbm  
Your love's the one love that I need to know

You are the sun in the desolate sky  
Dbm  
your life's in these words and it can't be denied  
A  
Wherever you take me it's clear I will go  
Dbm  
Your love's the one love that I need to know  
Dbm  
Your love's the one love that I need to know

Dbm  
You can cry away all your complicated memories  
E  
That keep you up so many nights  
Dbm  
And darling save your apologies  
A  
Cause I know that you're scared,  
E  
but I swear you'll be alright  
Dbm  
I swear you're alright  
E  
You're alright  
E  
When the answers escape us when we start to fade  
Dbm  
Remember who loved you and the ones who have stayed  
A  
Cause my body will fail, but my soul will go on  
Dbm  
So don't get lonely  
A  
I'm right where you are

E  
You are the memory that won't ever lapse  
Dbm  
When twenty five years have suddenly past  
A  
Wherever you take me it's clear I will go  
Dbm  
Your love's the one love that I need to know  
E  
You are the sun in the desolate sky  
Dbm  
Your life's in these words and it can't be denied  
A  
Wherever you take me it's clear I will go  
Dbm  
Your love's the one love that I need to know  
Dbm  
Your love's the one love that I need to know
