

Good Charlotte - Cardiology

Tom: C

C F
Heart is a vessel that can carry you far away
G C
Further than you ever gone before
C F
It could swallow an ocean in the palm of your hand
G C
But only if you open up that door

CHORUS:
F G C Am
Cardiology is guiding you and me
F G C Am
Through ancient history, A new technology
F G C
Cardiology is a mystery
Verse 2

C F
Is there a formula that could possibly explain
G C
What can feel so good bring you so much pain
C F

Science is now help when we reach the day
G C
We face the truth that life can slip away

CHROUS:

.....

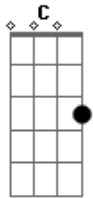

Verse 3:

F C G C
Take apart this heart tell me where to start
F C G C
No book that I can find has the answer
F C G C
A medicine can't cure the fact that I'm still yours
F C G G
Even though you've gone on without me

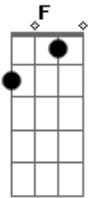

CHORUS:

F G C Am
Cardiology is guiding you and me
F G C Am
Through ancient history, A new technology
F G C
Cardiology is a mystery
