

## Good Charlotte - Christmas By The Phone Intro

Tom: **B**

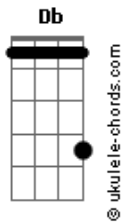

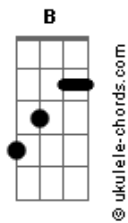

Hey everyone, here's the intro tabbed out, it's a picked **B** chord. I think it's roughly right, but you can play around with it a bit.

This is my first tabbing, so its probably not very good... Hope it helps people who want it anyway!

### Acordes

After this part the chords kick in... there are a couple of other great tabs for them on this site.

There's also another guitar in the background, I'm not sure if its bass or just another guitar. There's just one note over and over using some dynamics. I'm pretty its:

```
e|---|
B|---|
D|---|
A|-4-|
E|---|
```

blends with the high **Db** )
