

Good Charlotte - World Is Black

Tom: G

Turn on channel 7 at a quarter to eight
 you see the same damn thing its just a different day and
 no one really knows why this is happening but its happening
 and everywhere you go its just a different place
 you get the same dark feelings
 see the same sad faces no one really cares
 that this is happening

we come into this world
 and we are all the same
 and in that moment theres no one to blame

but the world is black

and hearts are cold

and theres no hope

thats what were told

and we cant go back

it wont be the same

forever changed

by the things weve said, said

living in this place its always been this way

theres no one doing nothing so theres nothing changed and

i cant live when this world just keeps dying, its dying

people always tell me this is part of the plan

that gods got everybody in his hands but

i could only pray that god is listening is he listening

were living in this world

growing colder everyday

nothing can stay perfect now i say

but the world is black

and hearts are cold

and theres no hope

thats what were told

and we cant go back

it wont be the same

forever changed

by the things weve said, said

(this time this is strummed like the versus but loud)

we come into this world

and we are all the same

and in that moment theres no one to blame

but were living in this world

growing colder everyday

nothing can stay perfect now i say

the world is black

and hearts are cold

and theres no hope

thats what were told

(different strumming)

and we cant go back

it wont be the same

forever changed

by the things weve said, said
