

Gorillaz - Bill Murray

(From The Feel Good Inc. Single)

This is a very easy song, most of it is just open string, and its mainly just on the fret. Very fun to play as well :P

(Just a sidenote, most of the song is an instrumental, so i'll try to identify the parts)

(Tuning = GDAE)

You should hear the song first to get the true feeling of it, obviously.

-End-

I did the best i could on the beats. The very last section (Ending Instrumental) may be 10 times, but it depends on what version of the song you have. I believe there are 2 versions.
