

Gorillaz - Stop The Dams

Tom: C

(C Em Am F)
(C E F Em)

When you're smoking tinfoil in the morning

It's gonna be a cold day

When you're keeping everything inside you

It can only hurt you

Unrelated sounds

The sun will shine again

You hold it in your hands

This young land is a young land let it stay that way

Am

Its pollution only turns you into something you don't want to see in the

water

A reflection of them that you receive

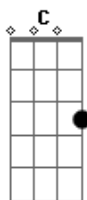

You don't own the sun

And the sun won't shine again

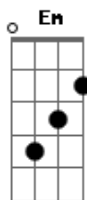

So maybe you're all in love

With Aluminium
